Time passes quickly,
and what you want to be yours,
grasp it, and hold on to it tightly.
The future is at your fingertips,
and no one knows what it stores for you.
So when the door opens, try to fulfill
every dream you have dreamed.
Carry on, though, even when promises
let you down.

There will always be something
or someone to pick you up and help
put the pieces back in place.
Think of all the good times you have
had, and all that you will have.
And most importantly, whatever you are,
